

# Technical Documentation openITCOCKPIT

- Installation
  - License Registration
  - Module Installation
  - Repositories
- Updating your openITCOCKPIT version
- Usage
  - API
    - Basic Usage
    - Automaps (API)
      - Finding automaps
    - Changelog (API)
      - Getting changelog records
    - Check Mk (API)
      - Check MK Service anlegen
      - Health Scan
      - Process Scan
    - Commands (API)
      - Creating commands
      - Deleting commands
      - Editing commands
      - Finding commands
    - Contact groups (API)
      - Finding contact groups
    - Contacts (API)
      - Finding contacts
    - Container (API)
      - Finding container
    - Cronjobs (API)
      - Getting cronjobs
    - Eventcorrelation (API)
      - Creating EVCs
      - Creating the EVC tree
      - Editing EVCs
    - Export
    - Host dependencies (API)
      - Finding host dependencies
    - Host escalations (API)
      - Finding host escalations
    - Host groups (API)
      - Creating host groups
      - Deleting host groups
      - Editing host groups
      - Finding host groups
    - Hosts (API)
      - Creating hosts
      - Deleting hosts
      - Editing hosts
      - Finding Hosts
      - Host documentation
    - Host templates (API)
      - Creating host templates
      - Deleting host templates
      - Editing host templates
      - Finding host templates
    - Locations (API)
      - Finding locations
    - Login & Logout
    - Maps (API)
      - Creating maps
      - Deleting maps
      - Editing maps
      - Finding maps
      - Inserting a map background
      - Inserting map gadgets
      - Inserting map icons
      - Inserting map items

- Inserting map text
  - Variables for all objects on a map
- Nodes (API)
  - Creating nodes
  - Deleting nodes
- Proxy (API)
  - Getting proxy configuration
- Service dependencies (API)
  - Finding service dependencies
- Service escalations (API)
  - Finding service escalations
- Service groups (API)
  - Creating service groups
  - Deleting service groups
  - Editing service groups
  - Finding service groups
- Services (API)
  - Creating services
  - Deleting services
  - Editing services
  - Finding services
  - Service documentation
- Service template groups (API)
  - Creating service template groups
  - Deleting service template groups
  - Editing service template groups
  - Finding service template groups
- Service templates (API)
  - Creating service templates
  - Deleting service templates
  - Editing service templates
  - Finding service templates
- Systemsettings (API)
  - Getting systemsettings
- Tenants (API)
  - Finding tenants
- Time periods (API)
  - Creating time periods
  - Editing time periods
  - Finding time periods
- User defined macros (API)
  - Getting user defined macros
- User groups (API)
  - Finding user groups
- Users (API)
  - Creating users
  - Deleting users
  - Editing users
  - Finding users
- Agent Configuration (API)
  - Create Agent configuration
  - Edit Agent configuration
- Back end
  - Reset User password from CLI
- Front end
  - Login
    - Disable animations on login screen
  - Main navigation
    - Administration
      - Backup & Restore
      - Change log
      - Cron jobs
      - Debugging
      - Managing user roles
      - Managing users
      - Package manager
      - Registration
      - System failures
    - Basic monitoring
      - Browser
      - Calendar

- Commands
- Contact groups
- Contacts
- Downtimes
- Host groups
- Hosts
- Host templates
- Locations
- Log entries
- Nodes
- Notifications
- Performance info
- Service groups
- Services
- Service template groups
- Service templates
- Tenants
- Time period
- Configuration
  - Proxy settings
  - System settings
- Dashboard
  - Module Widgets
- Documentation
- Expert monitoring
  - External commands
  - Host dependencies
  - Host escalations
  - Service dependencies
  - Service escalations
  - User defined macros
- Maps
- Reporting
  - Current state report
  - Downtime report
  - Instant report
- Support
- Modules
  - Alfresco
  - Auto reports
    - Auto report settings
  - Design (coming soon)
  - Discovery (Check\_MK)
    - MK agents
    - MK checks
    - MK service templates
  - Event correlations
    - EVC host templates
    - EVC service templates
    - EVC Settings
  - Grafana
  - i-doit
    - Host comparison
    - i-doit systems
    - Software link list
    - Synchronization
  - Linux Basic Monitoring
  - Map
  - Massenversand (coming soon)
  - MasterSelfMonitoring (coming soon)
  - Mattermost
  - NRPE - Nagios Remote Plugin Executor [Linux]
  - NWC
  - OpenStreetmap
  - PagerDuty
  - Postgres
  - SAP (coming soon)
  - SatelliteSelfMonitoring (coming soon)
  - Slack
  - UCS (coming soon)
  - VMWARE (coming soon)

- WMI
  - Refreshing the monitoring configuration
  - Searches
  - User profiles
- openITCOCKPIT Agent
- Troubleshooting
  - Services (Troubleshooting)
    - Dependencies
    - Logs
    - Tasks
- Graphing Backend
- Create your own openITCOCKPIT translation
- Creating a new openITCOCKPIT Module
- Creating a new openITCOCKPIT check plugin
- Upgrade openITCOCKPIT 3.x to openITCOCKPIT 4.x
- Creating a openITCOCKPIT Development System
- openITCOCKPIT behind a reverse proxy
