

Time period

Under "Basic Monitoring / Time Periods" you will initially find an overview of all time periods. Here you will find three buttons in the header.

Provides the option to hide individual table columns.

Link to input form for creating a new time period.

Offers the ability to filter time period list by name and/or description.

New time period:

There is a button in the header of the input form used for creating a new time period.

Returns to the time period overview (without saving).

Field name	Required Field	Description
Container		The container in which the time period is located
Name		The name of the time period
Description		A description of the contact group
Time ranges		The individual time spans for days of the week

Adds a time span. The day of the week can be selected and the respective start and end time can be set.

Removes the corresponding time span.
